ABOUT KOMANEKA AT KERAMAS BEACH

■ HOTEL LOCATION

Perched above the edge of a beautiful black-sand beach, Komaneka at Keramas Beach is an exceptional getaway on a sprawling four-hectare property that offers an experience of both traditional Balinese culture and an upscale luxury lifestyle.

This newest collection of Komaneka Resorts has a 360-degree view that includes the Indian Ocean and the neighboring island Nusa Penida, living rice fields, and the glorious Mount Agung, Bali's highest and holiest volcano. Each spacious luxury villa has a private pool and unrestricted views of the sea.

The open air restaurant, Timur Kitchen, overlooks the sea and features fresh local ingredients in Indonesian and Western cuisines. A beachside 40-meter swimming pool is set in landscaped gardens. Komaneka's gracious staff will give guests the feeling of being 'at home'.
