

## Luxurious Solitude

December 27, 2018 | Contributor: Budiman Tan, Photo credit: Ted Afif

**Komaneka at Keramas Beach**, the laid-back boutique resort is all about off-grid luxury. The exclusive address sprawls across 4-hectare property that comes right to the edge of a beautiful black-sand beach. This luxury resort is the newest collection of Komaneka Resorts with a 360-degree view that includes the Indian Ocean, living rice fields and the glorious Mount Agung, Bali's highest and holiest volcano. Once there, it's all about indulging in your own private pool and lounge.

There's something that seems immediately oh-so-naughty about having your own private pool. Utterly indulgent, these pools tend to hang off the edge of the villa, are often surrounded by vast dine-and-lounge deck or known as 'Bale'. Whatever, they are almost pointedly designed to be synonymous with private play. Unlike resort pools, only those you choose to let in can enter. This personal pools are your very own round-the-clock pleasure zone. Feel of a tropical breeze against your bare skin. Cocktails at sunset set the scene. Candle-lit lanterns never go astray. Throw in lots of time and you're beginning to imagine the exclusive realm of ultimate private beach resort.

### Dining Experiences – Timur Kitchen

Indonesian-inspired restaurant, which is decorated much like the rooms, with wood, high ceilings, and comfortable wooden chairs, overlooking the beach on the eastern side of Komaneka at Keramas, is the restaurant Timur Kitchen. (Timur means 'east' in Indonesian.) The sophisticated contemporary design of this open-air restaurant is rich with wood sculpture and intricate details inspired by the old era of the royal Balinese kingdoms, as well as a water fountain and pond as a symbol of prosperity and luck. The stunning location gives a spectacular 360-degree view overlooking the Indian Ocean, the neighboring island (Nusa Penida), Bali's highest volcano Mount Agung, and the Komaneka at Keramas Beach own rice fields. Timur Kitchen serves rich Indonesian cuisine and savory international dishes incorporating the finest fresh local ingredients, perfectly prepared by Komaneka's Executive Chef. Timur Kitchen creates an entirely new taste for a perfect gustatory adventure. The pleasure to linger over your drinks, listen to sounds of the sea and ocean – splashing waves, breeze and enjoy a leisure and delicious dinner is a rather transcendental experience at Timur Kitchen.
